ThinkPad T440

POSITIONING STATEMENT

The ThinkPad T440 Ultrabook™ is a powerful blend of performance and mobility with its consumer-inspired design that comes packed with features to enhance productivity.

KEY FEATURES

- Thin and lightweight, starting at 4 pounds
- A larger touchpad for better control and utilization
- Increased performance with up to 4th Generation Intel® Core™ i5 Processor
- HD+ and Touch capable
- Over 17 hours of battery life high capacity
- Enhanced keyboard with added functionality for Windows 8 gestures
- Optional Near Field Communication (NFC) capability
- An affordable Ultrabook at mainstream price points

MARKET PERSPECTIVE

The ThinkPad T440 Ultrabook™ is an enterprise 14" laptop with an industry leading combination of power and performance. The ThinkPad T440 is a thin and lightweight, yet durable Ultrabook ideal for getting work done, whether traveling around the world or commuting between offices.

The ThinkPad T440 also features a consumer-inspired design with a 2X larger TrackPad for greater control, HD+ and touch capabilities and an enhanced keyboard with added functionality for Windows 8. It also features the latest 4th generation Intel Core processors delivering increased performance quality. It's light weight (starting at 4.0lbs) and long battery life (up to 17 hours) makes it easily portable and the perfect tool for staying productive on the go.
